SANGOMA PHONEAPPS

Transform Your IP Phone Into a Productivity Expert at Your Fingertips

Sangoma PhoneApps are a bundle of advanced applications, which install directly onto your IP Phone, converting all your complicated features into easy-to-use visual applications, which you control, directly from the phone's display!

SANGOMA PhoneApps

14 Apps

Parking • Call Forward • Time Conditions • Queues • Queue Agents

Visual Voicemail • Presence • Transfer to Voicemail • Login/Logout

Do Not Disturb • Contacts • Follow Me • Call Flow • Conference Rooms

What makes Sangoma PhoneApps so different from other PBX vendors?

- **Instantly Improve User Productivity by Eliminating Feature Codes**

- **Fully Customizable**

- **'Server Side' Design Keeps the Intelligence with the PBX**

- **Included Free-of-Charge with Sangoma IP Phones**

> "Our customers love having everything at their fingertips. Sangoma's phone apps make it easy and intuitive for them to interact with their phone system!"
